

## HANDS-ON, LAND-BASED, COMMUNITY-DRIVEN

Itching to get your hands dirty and make a tangible positive impact through land stewardship? Toronto Nature Stewards (TNS) is looking for dedicated volunteers to take on the challenge, and join our growing network of over 500 stewards at 23 sites around Toronto.

### Have some experience?

Become a Lead Steward! Take our free online training in January 2023 (5 classes, 10 hours total, bi-weekly) where you will learn all the necessary skills and knowledge to lead a stewardship group. In spring, form your team and get boots on the ground to remove non-native invasive plants and nurture native habitat. For more information on how to sign up, [visit our webpage](#), or get in contact ([torontonaturestewards@gmail.com](mailto:torontonaturestewards@gmail.com))

### No experience?

Join a site as a regular steward! Get on-site training by our dedicated volunteer Lead Stewards. Each site operates on individual schedules, and many are still running for the 2022 season. Sign up on our website, under [Become a Steward](#).
